

**SENIORS:
Registering for the ACT
After you've taken the Nebraska STATE ACT in April:**

This is for SENIORS who have taken the school ACT as juniors.

If you did not keep your score report from ACT you can come to the Counseling and Career Center to request your ACT ID#

If you have taken the test in the spring of your junior year, you will need to set up a new account. Answer "yes" that you have registered, and "yes" that you have taken the test before. Use the **ACT ID number on top of your student report** to link the data from that test to your new account.

Senior students who are registering for the ACT National test (on a regular Saturday test date) are encouraged to use their ACT Student Accounts created with the scores from the Nebraska State test. The advantage of doing so is that the student's scores from various test dates will be available in one account. Students can contact ACT Customer Care to complete this process. Contact information below.

ACT Customer Care

- o Phone [319.337.1270](tel:319.337.1270) 8 am- 8 pm Monday to Friday or
